

Protect Yourself

When working with pesticides, wear:

- Rubber or latex gloves. Do not use cloth or leather gloves.
- Safety goggles or glasses
- Mask over nose and mouth
- Long pants and sleeves
- Boots or shoes with socks

Wash skin or shower as soon as possible after use.

Remove contaminated clothes before entering living spaces and wash separate from other clothing.

CAUTION
PESTICIDE APPLICATION

Safe Practices

- Always check the label for directions on appropriate use.
- Do not mix with other chemicals.
- Check weather conditions before spraying outdoors.
- Never leave pesticides or equipment unattended.

Do not spray near children, pets, toys, or eating areas.

For Poisoning emergencies or questions,
call 1-800-222-1222

Proper Storage

- Keep pesticides closed in their original container.
- Store up high and out of reach of children or pets.
- Keep in locked cabinet.
- Store in a cool, dry area, away from heat and away from food.

Safe Disposal

Do not pour down drains.

Follow label instructions for proper disposal.
